

The Golden Wheel Trophy Birthday 2008

We celebrate 5 years of cooperation between Golden Wheel Trophy Organisation and CAI-A Altenfelden. According to the local experts from the Driving Division of the Union Reit- und Fahrverein Altenfelden the preparation for 2008's CAI-A in Altenfelden started already on January 1st.

The Golden Wheel Trophy team is working closely together with the organisational team in Warka Poland on an international Golden Wheel Cup Driving Racing activity for 2008. This Cup will consist of the four International competitions and the final event will take place in Warka, Poland Sielanka Frama – at the same location where the 2007 World Championship tournament for Pairs took place. The four Golden Wheel CUP International competitions are

- CAI-A KLADRUBY April 17th – 20th in Czech Republic

- CAI-A VECES June 13th to 15th 2008 in Hungary

- CAI-A ALTENFELDEN June 19th – 22nd in Austria

- CAI-A in WARKA July 17th – 20th in Poland (Cup Final)

We would like to bring more public recognition to this sport and a cooperation between the four locations will support the extension to International TV and Print Media. It is also assumed, that the cooperation will result in additional starter and sponsors for each of these events. If you or your company are interested to support this intent and to work together with this powerful cooperation, we would appreciate your contact us. office@thegoldenwheel.eu
