GOLDEN WHEEL TROPHY Rules - CAI-A Altenfelden 2011

“The Golden Wheel Trophy” - Teamprice is only being carried out in Altenfelden in the year 2011. A team consists out of 3 starters – a horse single, a horse pair and a horse team competitor. New – versus the previous year, where we had carried out the event already as a trial event – is, that the drivers of a team do not have to be from the same Nation, in fact they can be competitors from three different nations. The results of each driver will count – none of the results are void.

All three drivers of the winner team will receive a “Golden Wheel Trophy”, the second and third placed team will receive a glass trophy. The 3 placed teams (incl. grooms) will also receive some Golden Wheel caps.
